INTRODUCING THE ARMADILLO LEAD PROTECTION SYSTEM

PATENT PENDING

- Prevents leads from getting crimped, crushed, smashed or severed.
- Eliminates labor hours needed to replace bad leads.
- Eliminates magnet production downtime.
- Prevents internal damage caused by severed leads while magnet is energized.
- Eliminates the need to open terminal box, dig compound out, replace bad leads, and repot the terminal box.
- Eliminates the need to purchase and store replacement magnet lead cables.
