# Workman Personal Fall Limiter

With its solid design and fast-acting brake mechanism, you can be confident that the Workman Personal Fall Limiter (PFL) will be there for you when you need it most.

## The Workman PFL features:

- Durable, engineered thermoplastic housing decreases weight.
- Rugged, impact-absorbing protective bumpers for added durability.
- Lifeline choice of cable or web to meet your needs.
- A 400 lb. working capacity eliminates the need to custom order a product for a worker exceeding 310 lbs.
- ATO ordering flexibility allows you to order the exact options you want, and only the options you want.
- Unit does not require annual factory recertification. The high-quality, engineered design reduces the cost of ownership and eliminates downtime.
- Integral load indicator alerts the user that the unit has been involved in a fall and that the PFL must be removed from service.
- PFL and lifeline connector options enable unit to be used in a variety of applications. Users can choose the type of connector they are most comfortable with and that best suits their application.
- Integral swivel on PFL connector.
- Meets ANSI A10.32, all applicable OSHA standards, and is CSA certified. Units with 36C style snaphooks meet ANSI Z359.1.
- A variety of price options allows the PFL to be used in virtually any market.

All these features and more combine to deliver one of the most versatile fall protection devices available on the market today.

A recessed label pack with a durable cover protects the labels from environmental damage, increasing service life. Since all labels are located in the same area it is easy to find important user information.

# Cable or Webbing: Choose the Version that is Right for You

## PFL Connector Options

### Additional Features and Benefits of the Cable PFL:

- Lifeline options from 7' to 12' ensure that the user gets the exact length needed for their specific application
- Galvanized steel cable lifeline

### Additional Features and Benefits of the Web PFL:

- A field replaceable lifeline eliminates down time and reduces cost of ownership
- Lifeline options from 6' - 12' ensure that the user gets the exact length needed for their specific application

## Lifeline Connector Options

*Attaching the snaphook to the integral swivel creates a comfortable, convenient carrying handle.*

## Workman PFL Ordering Information

All part numbers below meet applicable OSHA standards and ANSI A10.32.

Workman Web PFL				Standards	
Part Number	Line Length	PFL Connection	Lifeline Connection	ANSI Z359.1	CSA Z259.2.2
10093348	12' (3.7m)	None	LI snaphook		
10093349	12' (3.7m)	None	LC Snaphook		
10093350	12' (3.7m)	1" Steel Carabiner	LC Snaphook
